## CREATE A BETTER FUTURE FOR MARINE ANIMALS BY USING LESS DISPOSABLE ITEMS!

請把下列有機會成為海洋垃圾的  
即棄物品填上顏色。  
Please colour the single-use plastic items below,  
which have a high chance to become marine litter.

● 膠袋  
Plastic shopping bag

● 發泡膠食物盒  
Polystyrene food container

● 膠餐具  
Plastics cutlery

● 膠飲品樽  
Plastics bottle

● 紙巾  
Tissue paper

● 膠枱布  
Plastics table cloth

如果圖中的學生想使用一些可重覆使用的物品，  
以取代以上的即棄物品，你有甚麼建議？試把  
可重覆使用的物品與相關的即棄物品連線。

IF THE STUDENTS WOULD LIKE TO REPLACE THE  
SINGLE-USE ITEMS WITH REUSABLE ITEMS,  
COULD YOU PLEASE GIVE THEM SUGGESTIONS?  
YOU MAY MATCH THE SINGLE-USE ITEM WITH  
THE CORRESPONDING REUSABLE ITEM.

● 餐盒(可重用)  
Reusable lunch box

● 水樽(可重用)  
Reusable bottle

● 環保袋  
Reusable bag

● 手帕  
Handkerchief

● 餐具(可重用)  
Reusable cutlery

● 餐布(可重用)  
Reusable picnic blanket
