2 July 2021

Dear School Principals,

WWF-Hong Kong
One Planet Schools Programme (2021/22 School Year)

Since 2020, we are all facing the challenges from the COVID-19 pandemic and have encountered the new normal worldwide. We uphold our fundamental goal of One Planet Schools Programme to help students develop knowledge, skills, positive values and attitudes towards sustainable living and nature conservation. We take the advantage of combining modern learning technologies with traditional experiential learning approaches to manage the pandemic pedagogy.

In the coming school year, WWF-Hong Kong continues to support EDB's "Life-wide Learning" for students to explore different dimensions of personal development and to appreciate values of our environment. Outdoor experiential activities across our three centres always remain our core entity. We have improved our programmes to cope with the desired academic outcomes and to enhance school syllabus planning.

The complete contemporary makeover of Education Centre at Mai Po Nature Reserve, with new features and better equipped facilities, are ready to welcome school and student groups. It will certainly offer unique learning experiences at our 21st Century Nature Classroom.

It is our pleasure to invite you to join our One Planet Schools Programme in the 2021-2022 school year. We offer both free and fee-based programmes for you to choose from. For details of the programme, please refer to the attached information sheets.

WWF Education Programmes	Appendix
Mai Po Wetland Education Programme	1d, 1e
Hoi Ha Wan Marine Education Programme	1f, 1g
Tai Po Island House Footprint Education Programme	1h, 1i

We would be grateful if you could disseminate these programme information sheets to teachers in charge of life-wide learning, General Studies, moral, civic & national education, environmental education, Liberal Studies/ Citizenship and Social Development, Integrated Science, Biology, Geography, STEM, other learning experience and extra-curricular activities. Details are also available on our website at: <https://www.wwf.org.hk/en/education/schools/>

Your participation and engagement are always the motivation for us to strengthen our programmes and to further reinforce the environmental and conservation values in the education system.

For enquiries, please contact our Education Department at 2526-1011 or email at education@wwf.org.hk.

We look forward to building a bright future together where people live in harmony with nature.

Yours faithfully,

Yamme Leung
Director, Education
